## **EP46/EP52/EP55 Series** **Multimedia Digital Poster** **User Guide**

---

**IMPORTANT:** Please read this User Guide to obtain important information on installing and using your product in a safe manner, as well as registering your product for future service. Warranty information contained in this User Guide will describe your limited coverage from ViewSonic Corporation, which is also found on our web site at <http://www.viewsonic.com> in English, or in specific languages using the Regional selection box in the upper right corner of our website. "Antes de operar su equipo lea cuidadosamente las instrucciones en este manual"

---

**Model No. VS13586/VS13587/VS13955**

# Compliance Information

**NOTE:** This section addresses all connected requirements and statements regarding regulations. Confirmed corresponding applications shall refer to nameplate labels and relevant markings on unit.

## FCC Statement

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

**NOTE:** This equipment has been tested and found to comply with the limits for a Class A/Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference when the equipment is operated in a commercial environment. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. Operation of this equipment in a residential area is likely to cause harmful interference in which case the user will be required to correct the interference at his/her own expense.

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

**Warning:** To comply with the limits for the Class A/Class B digital device, pursuant to Part 15 of the FCC Rules, this device must be installed in computer equipment certified to comply with the Class A/Class B limits. All cables used to connect the computer and peripherals must be shielded and grounded. Operation with non-certified computers or non-shielded cables may result in interference to radio or television reception. Changes and modifications not expressly approved by the manufacturer could void the user's authority to operate this equipment.

## For Canada

CAN ICES-3 (A/B)/NMB-3(A/B)

## CE Conformity for European Countries

The device complies with the EMC Directive 2004/108/EC and Low Voltage Directive 2006/95/EC.

### Following information is only for EU-member states:

The mark shown to the right is in compliance with the Waste Electrical and Electronic Equipment Directive 2002/96/EC (WEEE).

The mark indicates the requirement NOT to dispose of the equipment as unsorted municipal waste, but use the return and collection systems according to local law.

If the batteries, accumulators and button cells included with this equipment, display the chemical symbol Hg, Cd, or Pb, then it means that the battery has a heavy metal content of more than 0.0005% Mercury or more than, 0.002% Cadmium, or more than 0.004% Lead.

### Industry Canada Notice

This device complies with Canadian RSS-210. To prevent radio interference to the licensed service, this device is intended to be operated indoors and away from windows to provide maximum shielding. Equipment (or its transmitting antenna) that is installed outdoors is subject to licensing. The installer of this radio equipment must ensure that the antenna is located or pointed such that it does not emit RF field in excess of Health Canada limits for the general population; consult Safety Code 6, obtainable from Health Canada's website [www.hc-sc.gc.ca/rpb](http://www.hc-sc.gc.ca/rpb).

### R&TTE Compliance Statement

This device complies with the Essential Requirements of the R&TTE Directive of the European Union (1999/5/EC). This equipment meets the following conformance standards:

ETSI EN 300 328

EN 301 489-01

EN 301 489-17

EN 62311

**Notified Countries:** Germany, UK, Netherlands, Belgium, Sweden, Denmark, Finland, France, Italy, Spain, Austria, Ireland, Portugal, Greece, Luxembourg, Estonia, Latvia, Lithuania, Czech Republic, Slovakia, Slovenia, Hungary, Poland and Malta.

# Important Safety Instructions

1. Read these instructions completely before using the equipment.
2. Keep these instructions in a safe place.
3. Heed all warnings.
4. Follow all instructions.
5. Do not use this equipment near water. Warning: To reduce the risk of fire or electric shock, do not expose this apparatus to rain or moisture.
6. Do not block any ventilation openings. Install the equipment in accordance with the manufacturer's instructions.
7. Do not install near any heat sources such as radiators, heat registers, stoves, or other devices (including amplifiers) that produce heat.
8. Do not attempt to circumvent the safety provisions of the polarized or grounding-type plug. A polarized plug has two blades with one wider than the other. A grounding type plug has two blades and a third grounding prong. The wide blade and the third prong are provided for your safety. If the plug does not fit into your outlet, consult an electrician for replacement of the outlet.
9. Protect the power cord from being tread upon or pinched, particularly at the plug, and the point where it emerges from the equipment. Be sure that the power outlet is located near the equipment so that it is easily accessible.
10. Only use attachments/accessories specified by the manufacturer.
11. Use only with the cart, stand, tripod, bracket, or table specified by the manufacturer, or sold with the equipment. When a cart is used, use caution when moving the cart/equipment combination to avoid injury from tipping over.
12. Unplug this equipment when it will be unused for long periods of time.
13. Refer all servicing to qualified service personnel. Service is required when the unit has been damaged in any way, such as: if the power-supply cord or plug is damaged, if liquid is spilled onto or objects fall into the unit, if the unit is exposed to rain or moisture, or if the unit does not operate normally or has been dropped.

# Declaration of RoHS2 Compliance

This product has been designed and manufactured in compliance with Directive 2011/65/EU of the European Parliament and the Council on restriction of the use of certain hazardous substances in electrical and electronic equipment (RoHS2 Directive) and is deemed to comply with the maximum concentration values issued by the European Technical Adaptation Committee (TAC) as shown below:

Substance	Proposed Maximum Concentration	Actual Concentration
Lead (Pb)	0,1%	< 0,1%
Mercury (Hg)	0,1%	< 0,1%
Cadmium (Cd)	0,01%	< 0,01%
Hexavalent Chromium (Cr6+)	0,1%	< 0,1%
Polybrominated biphenyls (PBB)	0,1%	< 0,1%
Polybrominated diphenyl ethers (PBDE)	0,1%	< 0,1%

Certain components of products as stated above are exempted under the Annex III of the RoHS2 Directives as noted below:

Examples of exempted components are:

1. Mercury in cold cathode fluorescent lamps and external electrode fluorescent lamps (CCFL and EEFL) for special purposes not exceeding (per lamp):
  - (1) Short length ( $\leq 500$  mm): maximum 3.5 mg per lamp.
  - (2) Medium length ( $> 500$  mm and  $\leq 1,500$  mm): maximum 5 mg per lamp.
  - (3) Long length ( $> 1,500$  mm): maximum 13 mg per lamp.
2. Lead in glass of cathode ray tubes.
3. Lead in glass of fluorescent tubes not exceeding 0.2% by weight.
4. Lead as an alloying element in aluminium containing up to 0.4% lead by weight.
5. Copper alloy containing up to 4% lead by weight.
6. Lead in high melting temperature type solders (i.e. lead-based alloys containing 85% by weight or more lead).
7. Electrical and electronic components containing lead in a glass or ceramic other than dielectric ceramic in capacitors, e.g. piezoelectronic devices, or in a glass or ceramic matrix compound.

Congratulations on your purchase of ViewSonic ePoster. Please carefully read and follow all instructions in the manual before first use. The apparatus shall not be exposed to dripping or splashing and objects filled with liquids, such as vases, shall not be placed on the apparatus.

**CAUTION:**

1. Danger of explosion if battery is incorrectly replaced. Replace only with the same or equivalent type.
2. To prevent injury, this apparatus must be securely attached to the floor/wall in accordance with the installation instructions.

## **Chapter 1 Introduction**

### **1.1 System profile**

ViewSonic's ePosters support numerous multi-media formats. In order to provide a comfortable experience, most functions can be accessed remotely.

**To new users:**

Before enabling the ePoster, please ensure to plug in the power cable and insert memory card properly. After the ePoster is turned on, it will play automatically. If there is no program in memory card, it will display the main menu or startup picture.

**Attention:**

1. Avoid changing any default settings.
2. Copy all media files under the root directory in memory card, and delete the files that are no longer required to be playback.
3. Keep the product far away from water when installing and configuring.
4. Ensuring the product is turned off, insert the SD card by aligning the contact pins.  
Notes for SD card: Do not insert with excessive strength, otherwise it will bend the pins and may burn off the decoder board or driver board.

### **1.2 System description**

The integrated 1080p signal-chip, combined with a decoder and driver, allows the system to deliver a stable and reliable performance during extended use. It can read, decode and play AV files from flash disks and other memory cards, as well as support an AV signal input. This device can also function as a multi-media ad player and monitor.

### **1.3 Attention about CF, SD, USB usage**

1. SD and CF card can't be used at the same time.

2. When there is a SD card in the machine, the media files will be imported from flash disk to the SD card automatically if there is a flash disk plugged in.
3. The product will read the media file on the flash disk, if there is no CF or SD card.
4. SD card is the best choice if playing video file.
5. The video file code rate should be below 20M bit rate.
6. SD card is recommended for playing HD program.

## 1.4 Function description

1. Auto copy function: Import the media file from flash disk to memory card automatically.
2. Auto play system: users can set up time to switch input signal from different ports and internal storage.
3. Timer on/off function.
4. Seamless play: no black screen when program is switched by following below requirements.
  - 1) All of the media files should be the same format, for example it can support suffix .TS/.MPG video file.
  - 2) The resolution, codec, code rate, frame rate should be the same for all video files, and the audio coder, sample rate should be the same for all audio files.

Note: If high-definition (HD) playing is combined with a standard definition (SD) video file, the following steps should be taken:

- 1) Use video converter (like Ulead Video Studio) to convert the SD and HD video files to be one HD video program.
- 2) Use video converter (like Ulead Video Studio) to convert the resolution, codec and frame rate of SD file to be the same as the HD video file.

## 1.5 Internal media player support format

### 1. File format

Regular play		
Video Codec		Container
Mpeg1,2		MPG, MPEG
MPEG2, H.264		MPEG2 –TS H264-TS
MPEG2		MPEG2 –PS
MPEG4 Xvid 1.00, Xvid 1.01, Xvid 1.02, Xvid 1.03, Xvid 1.10-beta1/2 H.264		AVI, MP4
H.264, MPEG1,2,4		MKV
Seamless play		
Video Codec		Container
Mpeg1, 2		MPG, MPEG
MPEG2, H.264		MPEG2 –TS H264-TS
Photo		Container
jpeg		.jpg
Supported audio coded format		
Audio	WMA, MP3, M4A(AAC)	

2. Support video files include:

MPEG2, H.264 file. **DO NOT** support DIVX6.x, MSVC/CRAM, MP42, GMC, IV32, RLE, cvid, VC1, RV20, WMV

3. Support audio files include: AC3,MP3,AAC,Cook. **DO NOT** support Sony ATRAC3, DTS, Dobly HD

4. Support storage devices (memory card) in NTFS, FAT32 and FAT16. DO NOT support NTFS compressed file

Upload content into internal storage:

- Prepare a empty USB drive
- Copy content to USB drive
- Plug USB drive to USB port on main board
- ePoster will download content form USB drive automatically

## 1.6 Filter Replacement

1. Open access door.

2. Remove filter cover.

3. Clean or replace filter.

4. Install filter cover.

5. Close access door.

### Note:

1. Inspect the fan filters every 3 months.
2. Use water to clean the filter.
3. If the filter broken, please replace it.

# Chapter 2 Interface definition

## 2.1 Product features

### Function

CVBS port : Composite signal input

VGA port : VGA signal input \*\*

VGA Audio : VGA audio input

YPbPr : Component signal input\*\*

HDMI port : HDMI signal input

Memory Card: SD (Class 6, up to 32GB)

USB port : USB flash disk input (for upload content)

RS232 : RS232 Control, see Chapter 4

LAN : Ethernet port for Network Media Player content update

**\*\*Important Note:** DO NOT connect a media source to VGA and YPbPr, and associated audio connections, at the same time. Only make connections to either VGA or YPbPr.

Dual Panels:

# Chapter 3 Remote control and menu setup

## 3.1 Remote control

Remote instruction

Button	Description
POWER	Power on or off
⏮	previous program
⏭	Next program
+ (volume)	Raise volume
- (volume)	Lower volume
PLAY/PAUSE	Play/Pause,Confirm selection
↑	Up,navigation button
→	Left,navigation button
↓	Down,navigation button
←	Right,navigation button
STOP	Stop the selected file
SETUP	Menu setting

## 3.2 Replace remote control battery

1. Open the battery cover
2. Take out the battery box in the right direction as shown in the picture below
3. Remove the used battery
4. Insert the new battery in the right way
5. Put back the cover

## 3.3 Menu operation

Main Menu includes the following sub-menu: Input Source, System, Display, Clock Setup, ON/OFF Time Setup, Volume Setup.

Press “SETUP” to enter Main Menu, press ↑↓ to select the right item, press “play” to confirm selection. Choose EXIT to exit the Main Menu.

Main Menu
Input Source
System
Display
Clock Setup
ON/OFF Time Setup
Volume Setup
EXIT

Input Source: The default input is card reading system, press ↑↓ to select the right input, press “play” to confirm selection.

Input Source
Storage

	Start Time	Port	End Time
Off	0: 00	Storage	0: 0
Off	0: 00	Storage	0: 0
Off	0: 00	Storage	0: 0
Off	0: 00	Storage	0: 0
Return			

Function Mode: programs can be played repeatedly according to pre-setup time.

Press ←→ button to select item and press ↑↓ to set up parameter.

Auto play system			
Auto Play Configuration		Function Mode	
	Play	Port	Time Set
	1	Storage	0: 00
	Start Time	Port	End Time
Off	0: 00	Storage	0: 0
Off	0: 00	Storage	0: 0
Off	0: 00	Storage	0: 0
Off	0: 00	Storage	0: 0
Return			

Time mode: It will play according to programmed schedule. There are 4 time sessions to set up.

- Seamless play: The video file will play seamlessly if this function is turned on. By factory default, this mode is off.

**Note:**

1. If this function is enabled, the file format should be the same (including AV resolution, frame rate and other specification), otherwise there will be abnormalities.
2. Image play time: Set interval time from 5s to 60s, change by 5s every time.
3. Restore default: Restore all parameters to factory mode.

**Display:**

- Set screen Brightness, Contrast, Color, Sharpness, Tint
- Aspect ratio: Full, 4:3, 16:9, Zoom1, Zoom2, Auto.

2010	Year	Jun.	Month	14	Date
12	Hour	55	Minute		
Confirm					
Return main menu					

## ON/OFF Time Setup:

It can be set to two modes: Uniform Mode, Week Mode

- **Uniform Mode:** Set it for the whole one week, for example, turn it on at 8 am, and turn it off at 10 Pm.
- **Week Mode:** Set it for every day within one week, for example, set it on/off mode from Mon. to Fri., and set it to always off in weekend.

There are three on/off modes: Normally On, Always Off, On/off setup

**Normally on:** the player keeps turning on once power is connected.

**Always off:** the player will turn off after two minutes if there is no operation.

**On/Off time setup:** 3 groups of On/off setup provided in the menu.

On/Off Time Setup			
On/Off Mode		Uniform Mode	
Everyday			
On/Off Mode		Normally on

# Limited Warranty

## VIEWSONIC® Multimedia Digital Poster

### What the warranty covers:

ViewSonic warrants its products to be free from defects in material and workmanship, under normal use, during the warranty period. If a product proves to be defective in material or workmanship during the warranty period, ViewSonic will, at its sole option, repair or replace the product with a like product. Replacement product or parts may include remanufactured or refurbished parts or components.

### How long the warranty is effective:

ViewSonic Multimedia Digital Poster are warranted for 1 year for all parts excluding the light source and 1 year for labor from the date of the first customer purchase.

### Who the warranty protects:

This warranty is valid only for the first consumer purchaser.

### What the warranty does not cover:

1. Any product on which the serial number has been defaced, modified or removed.
2. Damage, deterioration or malfunction resulting from:
  - a. Accident, misuse, neglect, fire, water, lightning, or other acts of nature, unauthorized product modification, or failure to follow instructions supplied with the product.
  - b. Any damage of the product due to shipment.
  - c. Removal or installation of the product.
  - d. Causes external to the product, such as electrical power fluctuations or failure.
  - e. Use of supplies or parts not meeting ViewSonic's specifications.
  - f. Normal wear and tear.
  - g. Any other cause which does not relate to a product defect.
3. Any product exhibiting a condition commonly known as "image burn-in" which results when a static image is displayed on the product for an extended period of time.
4. Removal, installation, one way transportation, insurance, and set-up service charges.

### How to get service:

1. For information about receiving service under warranty, contact ViewSonic Customer Support (Please refer to Customer Support page). You will need to provide your product's serial number.
2. To obtain warranty service, you will be required to provide (a) the original dated sales slip, (b) your name, (c) your address, (d) a description of the problem, and (e) the serial number of the product.
3. Take or ship the product freight prepaid in the original container to an authorized ViewSonic service center or ViewSonic.
4. For additional information or the name of the nearest ViewSonic service center, contact ViewSonic.

**Limitation of implied warranties:**

There are no warranties, express or implied, which extend beyond the description contained herein including the implied warranty of merchantability and fitness for a particular purpose.

**Exclusion of damages:**

ViewSonic's liability is limited to the cost of repair or replacement of the product. ViewSonic shall not be liable for:

1. Damage to other property caused by any defects in the product, damages based upon inconvenience, loss of use of the product, loss of time, loss of profits, loss of business opportunity, loss of goodwill, interference with business relationships, or other commercial loss, even if advised of the possibility of such damages.
2. Any other damages, whether incidental, consequential or otherwise.
3. Any claim against the customer by any other party.
4. Repair or attempted repair by anyone not authorized by ViewSonic.

**Effect of state law:**

This warranty gives you specific legal rights, and you may also have other rights which vary from state to state. Some states do not allow limitations on implied warranties and/or do not allow the exclusion of incidental or consequential damages, so the above limitations and exclusions may not apply to you.

**Sales outside the U.S.A. and Canada:**

For warranty information and service on ViewSonic products sold outside of the U.S.A. and Canada, contact ViewSonic or your local ViewSonic dealer.

The warranty period for this product in mainland China (Hong Kong, Macao and Taiwan Excluded) is subject to the terms and conditions of the Maintenance Guarantee Card.

For users in Europe and Russia, full details of warranty provided can be found in [www.viewsoniceurope.com](http://www.viewsoniceurope.com) under Support/Warranty Information.
